# Ministry Update

From the beginning of 2021, due to the situation of the spread of Covid-19 disease, the mission of the organization has been severely affected, so the mission in the provinces has been postponed and suspended. Travel of staff, whether in Phnom Penh or in the provinces, is restricted. All staff must come to work, maintaining safety gaps and implement the three-pronged protection measures as instructed by the Ministry. Health.

To fulfill its mission, the organization has pushed for the promotion of its program, in addition to radio broadcasts, on social media, Facebook, YouTube, which makes it easier for the audience because they can not come together to listen. No more applications.

What the organization observes is that the audience is declining sharply for group listening, and the response to mail and text messages is declining, but there is a significant increase in the number of followers on social media.

**The Lockdown of Phnom Penh City**

**There are differentiate the location of Covid-19 affection into Red, Yellow, and Green Zone**

The Cambodian government lockdown some area from Khmer New Year April 14, 2021, to May 19, 2021, to contain a surge of Covid-19 cases in the capital. The food supplies for thousands of garment workers was cut off, market vendor and other who survive on a day-to-day income were reduce. The mid of May, the government began to open the city except for designated Red Zones which did not allow people get outside. Covid cases are still high at around 800-1000 but the number of recovered is also still high. The Government is providing the vaccine for those who live in Phnom Penh and people in the province as well. Moreover, the high school students can get the vaccine in order to reopen the schools. Soon the children from 06-12 years old can get vaccinated as well. Please still pray for Cambodia after being vaccinated, are careless, ignoring the fact that they could still spread the virus.

TWR-Cambodia office was closed for a month, during lockdown and we were worked from home until May 10, 2021. We were back to the office after reopen the city. Praise and thanks God for protecting us and our families from Covid-19 during this difficulty time.

In addition to broadcasting on the radio in April 2021, we have also expanded and launched our program on Facebook and YouTube. In June 2021, the surprise was that more and more people continued to visit and study our program on social media.

In recent months, we have been able to travel and send our small gifts to listeners, assistants, and volunteers in various provinces. The epidemic (Covid-19) really affects the lives and livelihoods of families, some of whom are listeners to our program, are having problems in their daily lives, some are losing their jobs, the economy is declining, children are not Can go to school. Each month, we meet with our program assistants, pastors, and volunteers to discuss better strategies for how to use TTB more effectively to our listeners.

In the months that followed, the entire city was shut down and all staff had to work from home instead of coming directly to the office. However, the mission of the organization did not end with each ministry trying to contact volunteers in the closed areas of Phnom Penh to help our listeners as well as the people. Others in the community together by setting up a community table for those in need, they can come to get food for free and for those who want to contribute can also join together.

# Program Broadcasting

Currently, Trans World Cambodia have been produced and recorded three main programs included 30 minutes of Thru The Bible (TTB), 30 minutes of Happy Children Garden (HCG), and 15 minutes of Women of Hope (WoH). We are buying the airing time from 17 commercial F.M stations throughout Cambodia.

Our radio media plate form and the program are broadcasting in the Khmer language across various regions of the country in which coverage 17 provinces throughout the country including Battambong, Bantheymeanchey, Kampong Cham, Kampong Thom, Sihanouk Ville, Kampot, Koh Kong, Kratie, Oddah Meanchey, Phnom Penh, Preah Vihea, Pursat, Sieam Reap, Stung Treng, Svay Rieng, and Takeo.

## Covid 19 Situation In Cambodia

From early January until February 19th, the Covid 19 situation was calm with only 2 or 3 cases from abroad. Women of Hope was able to visit one of our listener group in Phnom Penh city on February 10th. However, from February 20<sup>th</sup> through March, Covid 19 spread rapidly in the community and cases increased everyday, so the government closed schools and quarantined some areas to prevent the spreading. The government and doctors are working diligently to protect the people.

Thanks God that Cambodia received the vaccine for most of the frontline workers and the elderly, to protect them. Even once they are vaccinated, people still must protect themselves. Please keep praying for our workers and pray that God will protect people around the world. We, the WOH team thank God for keeping us and our listener groups safe from Covid-19.

## Listener's Group Visitation

**February 10, 2021**

Praise God for a good opportunity to visit our listeners since we are unable to visit our listeners throughout 2020 because of Covid-19. Although there were 20 ladies who live there, but only 10 we met because the others were working. A few ladies in the group are Christians but most of them not accepted Jesus yet. They come from different provinces to work and study. They had listened to Women of Hope program since June 2020. We had previously only spoken with the woman who was a leader. As they regularly meet at 6:30pm every Wednesday evening we were able to join them. Due to Chinese New Year celebrations, the traffic was worse so, our meeting began at 7:00pm and finished at 8:30pm. During the meeting, we introduced each other, sharing where we are from and what we are doing. Even most of them haven't accepted Jesus, they had already heard the Good News of Salvation so, we pray and trust that one day they will open their heart and invite Jesus into their life. We joined them in reading Bible and sharing what they had learned from the Bible verses. We hope that this follow up will encourage them and let them know that we are care and build relationship with them as well.

Pastor Mony (Blue T-shirt) met with leaders in Preah Vihea and gave them the program

Pastor Mony is a faithful servant. He lives in Takeo province, but he always bring the Good News to other villages in the province and neighboring provinces. In February, he requested 15 sets of Women of Hope program to Preah Vihea province while he visited the leaders there . Most of them were not our listener groups so, this is a great opportunity for us as he able to share it with a new group.

Pastor Chea, Navy, Pisey and Pastor Soun Ly

Pastor Soun Ly bring Program & some food for a group of listeners

Pastor Soun Ly is faithfully servant for church planting in several provinces. she also requested Women of Hope program to the churches. She said “ the program will help the leaders to lead women’s team because the program provides both lessons for life (health, family issues) and lesson for the soul as they can hear God’s word. She also invited another pastor at Prey Veng for requesting the program to share with his group in ministry .

## Community Challenge Table

While Phnom Penh was in lockdown, Women of One Challenge established a “Community Challenge Table” Project. This encouraged people to set up a little table in front of their homes to share their excess food with those who are struggling during Covid- 19. During this time, Women of Hope worked through our listeners to do join the project. Some of our listeners were willing to help so they set up tables in front of their houses and put a sign: “if you rich please put and if you lack please take”. The purpose of this table is to show God’s love to others who need food during hard times and to encourage other richer people to share with other people. We thank and praise God for our listeners who were willing to help and able to share God’s love to others and that other people can know Jesus. One listener shared with us: “I am really happy to join with this program. After my family set up the table and put the stuff, people living around came to take it and the most touching for us was our neighbors who came and put the food on the table as well. It brought tears to my eyes as they started to share with other people. I believe that they will find Jesus through the program.”

# Food Distribution

The Government reopen the city except for the Red Zone, which was restricted and people were not allowed to get out even buying food. The Women of Hope team were touched and we searched for a good way to share God's love to the non-believers. Therefore we ran a Food Offering Table from May to June 2021. We asked for a Volunteer who lived in the zone and willing to cook and place the food on the community table. People living in this zone could come and take one food pack each. Women of Hope wanted to share God's love to these villages through 2 months of food distribution for those in need. Most of people who live in this area are factory workers and renting the house. During lock down and after lockdown, they are still facing problem as there is not enough food support for their family.

There was a lady, who is our listener living in this area, and she was willing to help us to cook the food for those people. We planned to prepare 50 packages at a time and put it on the table for those who want to take it. We believe that through that, people in this area can hear about Jesus and God's love as well. We put the brochure of our information and Good News book in the package so they are able to see our program and read the Good New as well.

We hope and pray that they will hear the program that we produce especially hear about Jesus and His love.

# Helper Testimony Lockdown Situation

## Testimony of a Helper

Mrs. Kolab is our faithful listener. She lives in the Red Zone and she helped to cook food during this hard time. She said "Thank God that I am able to use my talent that God gave me, to help people as I cook for people in need. The people in my community are factory workers. During lockdown they were not able to work and some have no job and no income even when the government allowed city to open. I am very happy to be a part of this mission. I am not tired of doing it and I got help from my neighbors as they also want to help."

## Testimony of Food Recipient

My family didn't eat delicious food for a long time. Thank you so much for the food. Kiri soup is very delicious. My children took the food from your table. I ate only two bites because I saw my wife and my children eat with satisfaction. I am a Motor taxi I can earn some money from this job but, during covid-19 I didn't earn much money to support my family because we also pay for house rental, we didn't have enough food to eat. Again thank you so much for delicious food.

## Testimony of Food Helper

God is good all the time and knows what people need. Thanks, and praise God that my family and I can join with this mission to share God's love to other people. I had been praying for that. I and my family did it with love. We didn't have food to give to needy people, but we were able to join by cooking food for them. We didn't share with people who live around us but we took the food to other poorer people who lived a distance away.

# Reopening Again

Cambodia is now living with COVID-19 and very large number of populations have been vaccinated and the government began reopening the country. From 3 January 2020 till December 2021, there have been 120,516 confirmed cases of COVID-19 with 3,014 deaths and total of 29,770,904 vaccine doses have been administered (Report from World Health Organization). Even the country reopen but the government still encourage people to protect and wear mask.

Praise and thanks God that Christian could gather in the church after the country reopen. Moreover, Some of Women of Hope listener group also start to listen WOH Program in their church. Women of Hope paused for direct visit listener almost 2 years. This year we set a plan to visit our listener group in another province. We hope through visiting bring us more closely and get encourage as well. Please Pray for us during visit our listener.

## Women of Hope activities

The Women of Hope Ministry still focuses on:

1. Produced Women of Hope program: For a month we broadcast 4-5 programs at Radio FM local station. Some programs, We invited the quest for sharing knowledge in the lesson of life.
2. Follow up with our leader through phone call or messenger to attach good relationship with them. Even, We can't visit them directly, but we still can build relationship with them by calling, greeting, sharing and fellow up with them as well.
3. Social Media (Facebook) Producing video prayer, quotation, bible verse and encourage videos.
4. Pray Calendar, we translated Pray Calenda request from English to Khmer Language. After we done with Translation, we sent to Korean team so Pray Calendar are available to Khmer People who live in Korean. Moreover, We also design Pray calendar request to a poster and sent to Cary office to put in the TWR Women of Hope Global.

## Joy to the World

Jesus is the reason for this season. We didn't gather to celebrate Jesus's Birth for 2 years because of Covid-19. We praise and thanks God that this year, church member in Cambodia can gathering in church they can celebrate Jesus's birthday in the church as well. Women of Hope didn't make any visitation trip to listener group but this year we prepare the small gift to our leader who sacrificed their time and heart for serving God . It was a small gift, but it brought them big smile. The right one in the picture is our faithful leader who helping the women listen to Women of Hope program since 2017. This photo took from Christmas in church. They said that they are happy to get the gift and it was mean to them.

## Welcome to Ms. Pisey Ith

We would like to introduce Ms. Pisey Ith. She graduated from Bible school. She has been helping Women of Hope program as a host for 3 years. She will respond with Women of Hope Ministry from January 2022. We truly believe that Ms. Pisey continue her faithful to serve women in Cambodia through Working in Women of Hope Ministry by love.

Please Pray for her as she is in the new roll and May God guide and lead her in Women of Hope Ministry in order to bring the Hope and the love of God to Women in Cambodia.

# Funding Support

Praise and thanks God that Phillip Bank is interested in sponsoring the Women of Hope program. The Funding started in April 2021. Philip Bank sponsor in broadcasting on 8 FM radio stations. They ask us to produce the bank spots to promote and add into the Women of Hope program and on Facebook page as well. Moreover, they ask us to find topics that relate to financial skills to include in Women of Hope program and they provide us with expert, guest speakers to present the topic. We prepare the financial topics to help our listener such as saving, the benefit of saving, wise saving, teaching children about money and more topics to come. Our program still uses the same format as we had done such as lesson for life and lesson for soul but twice a month the program talks about financial issues. We give thanks to God for blessing Women of Hope Ministry in Cambodia go for award.

## Data of Response

## Facebook Page

Thank God that Women of Hope has developed the page to post the program, prayer requests, encouraging Bible verses and sharing listener's testimony as well. Through this, many people can join and get encouragement from God's word. Recently, there are 2729 Follower in Women of Hope page.

During the pandemic, all the churches in the city closed and started online services. Some churches in provinces still could gather but with few people. Please pray for churches reopen soon so, they can get back to church and fellow up with each other again. Also pray for their faith because some Christians stopped believing in Jesus during this time. May their faith be stronger. Please pray for our listeners who cannot gather but still can hear God's word through our page on Facebook.

## Listener's Feedback

### New listener group

Mrs. Sieng Lai is a pastor's wife and her family also launched a Christian school. She started to use Women of Hope as a tool for the group. Most of them are teachers and they haven't accepted Jesus yet. Thank God, even they haven't accepted Jesus they open their mine to join with the group and share. Some of them asked Mrs Sieng Lai to pray for them. They listen one per month and leading by Mrs. Sieng Lai. Please remember them in your prayer. May God turn their heart to Jesus.

### Messenger from an unbeliever in Facebook

One lady sent us a message because she saw the activities as we helped people during lockdown in Phnom Penh : “Even though you believe in a different religion from me, you help other people, and the world needs you.”

Thanks God, we are able reach to unbelievers as well. Please pray that more unbeliever can join with us on Facebook page and pray for them to find the Truth God neither religion.

### Mrs. Ruth is a faithful leader, She is from Lom Village, Ratanakiri province.

She reported us that she and 2 other ladies who also the helpers. They started to invite ladies in the church listen to the Women of Hope program. She said that “I and my team very happy to worship God in our church. Moreover, we can meet and listen to the Women of Hope program together.” Please pray for us and our group listener to have wisdom through listening.

### Ps. Sol Terng, from Orn Dong village

He is a pastor and leader of women group listening to the Women of Hope program. Moreover, he also bought the program to other church leader. He help 5 groups of listener. Whenever, listener have letter sent to us, he is the one who always contact us and sent us the letter through messenger. He also helping us to take the gift and letter back to our listener in 5 groups. Thank God for his willing to help. Pray that this passion still continue.

Currently, in 2021 during the pandemic of Covid-19 we recognize that most of our listening groups communicate and send the letters or activity they did with the children to HCG team through Facebook. It is such a great way to caught up with them as it is fast and easy to know what they need. It also help us to reduce using taxi or bus. They also can listen to HCG program via Facebook as well. It is so good, but it is still not useful for old people because they don't know how use it. Similarly, for the tripe people it a bit hard for them because they use their language and their education for technology is limited. Anyway, Facebook helps us very much for follow up our listeners.

Note: 2021 is the year that we don't distribute many booklets as covid-19 break out in the community which cause to lock down the city and some areas, and church service or gathering in large groups are not allowed. Just only the end of this year everything is more open, children and listening group start to meet and listen to HCG program again. We praise the Lord that most of our listening group still keep in touch with us and we all pray for each other.

# Funding Constraints

We thank God that we still receive letters from the children even though there are fewer than before. Children are still listening and sending letters even from new groups. The HCG team have been sending proposals to raise support for the gifts for children. We keep encouraging the listening group leaders to send us letters and we also have recorded each one, We are waiting to buy the gifts for those children and are ready to respond whenever we get the support.

**Why it is important to have this gift?**

1. Everyone loves to receive a gift so this is a great incentive for people to listen to the gospel
2. Gifts are a great tool to encourage children to practice their writing skills as Cambodian children in the provinces still cannot write well even though they go to school.
3. The children see from the gift that we love them so they love to listen to HCG program then the Holy Spirit will work as well. They spend more time with the Good News and health care lessons so less time doing something useless.

**What impact have we seen since discontinuing the gifts?**

1. We have seen a significant decrease in the number of letters. Usually, we receive between 6000 to 10000 letters for each month. But after no gift, we receive between 300 to 500. These numbers are not because they stop listening, but because they stop writing what they could learn from the program.
2. Reduce number of listeners in some groups. Some leaders form several groups not just only in their own village, but they do with other villages nearby too. So, when there is no gift, it is a bit hard to gather the children, especially to the non-believer.
3. The Gospel cannot reach to more children as well.
4. The Children have less chance to practice their writing skill.

## Listener's Feedback

A leader from Ratanakiri province

"I feel so grateful to receive this program for my cell group. Even though, we don't have many children, it is still good, so we meet once a week in order to listen to HCG program. The main challenge is related to language. Not many people in my village know Khmer well because we are an ethnic group known as Jarai. Therefore, we need translation every time we listen to HGC. I hope and pray that HCG will be available in Jarai soon."

There are three places that they can listen to HCG program such as under the tree, in the church, and in the Leader's house. Children always write what they have learnt after listening. Some always help the young children (who cannot write) to descript what they could learn on the letters as well.

The leader is so faithful as every week he send us through Facebook Messenger all the activity he did with children. From Monday to Saturday at daytime they works as farmer but on Sunday they work full time for church. The pastor not only preach but after service they have small groups and visit the members. Once a week at nighttime, children always come together and learn the song from our song book. it is such a grate activity that we could see how they love our God.

**Children's ministry last Sunday!** We told them a Jesus story in the Christmas season. It's not about the Christmas tree or about the gift but it's all about Jesus coming to save us from sin and He loves us so much ❤️ I am so thankful to God that teachers in Sunday's school did a great job. I am so proud of them!

Prayers request:

- \* We will have a small Christmas party for the children at our three ministry places in different villages this coming Sunday. Please Pray for evangelism to children, storytelling about the birth of Jesus, and greater understanding and provision from God.
- 2. Please pray for us as teachers of Sunday's school to have the wisdom to bring children closer to God.
- 3. Please pray for health, joy for me too. I have to be very prepared and busy for this month and pray for our team also.

Thank you so much for your encouragement in praying for us! May God bless you!

## A leader from Prah Vihear province

It is such a very good feedback because she used our Flashcard to teach the children about Jesus. She used her Facebook account to share the video, picture, and text while she was teaching. Here is what she wrote. As we are the partner with her team, we are thankful to God for their heart and the ministry in Preah Vihear province. She use our resources, Teaching Card for teaching the three small groups, and all the Bible booklet from TWR to form the library for encouraging the children to love in reading.

They also used HCG program for children as well. We could see more joy in their heart, and we found they are the young team but their heart full of serving. Please keep them in your prayer.

## **TTB Ministry Update**

Pandemic kept spreading around the world seriously however it also impacted to the process and caused troublesome to the part of our ministries as well as TTB program. Eventually, God opened the door widely more to our team in Cambodia to learn something new from the new trend of social media revolution in technology in God's word and evangelistic ministry.

Beside displaying the program on air, in April 2021 we also extended and posted TTB in our Facebook Page and made it available in YouTube in June 2021. What the surprise was that more people kept reaching and learning our program.

Pandemic can only stop us travelling to meet our faithful listeners, it was impossible to stop our Lord's mission through TWR Cambodia team to catch up more opportunity spreading the Good News of Jesus Christ, and our Savior to our people in Cambodia. We learnt the needs of people during hardship is the peace, love, and hope. It really emphasized in TTB.

Praise the Lord, for these last few months we can travel and able to send our small love gifts to our faithful listeners, helpers, volunteers in other provinces. Pandemic (Covid-19) really affected to people living. Among those they are our listeners who got trouble with their daily living. Some lost their job, the family economic dropped down, children cannot go to school.

Every month, we have met our program helpers, pastors, volunteers to discuss seeking the better strategy of how to use TTB more effectively to the listeners.

## **Listener Response**

### **God never lockdown**

During the pandemic, I was in the red zone area, we couldn't go out even going to the market. We mostly stay at home with the fear of the pandemic situation and the food to eat. Praise Him that we could listen to His word as daily via the TTB program on the YouTube channel. His living Word never fail in this fallen world. God is with us, and we found out this hardship situation drives us closer to God than usual. Thanks to TWR Cambodia for making TTB available on the social media. From Mr. Naroth (Phnom Penh)

### **God is with us**

### **Thanks to His provision via TWR Cambodia**

I am a pastor of a home church which located in BTB province, and I love listening to TTB program via the broadcasting and I am also volunteering in monitoring the listener groups for TWR Cambodia. I am happily in working with them as I am so proud to help them to bring the word to my people. As a pastor of a home church, I must have other second job to support my family because of the limitation source of the church. During the pandemic my village was locked down with little preserved food. Once day I got a call from a pastor friend and his location is not under the red zone that he brings a package of some rice and grocery from TWR Cambodia to help my family. I went out with tear to pick up the bag at the entrance gate of our village. God is real like in the Bible said and He is the greatest provider. Thanks to TWR Cambodia for helping us in both physically and spiritually. Pastor. Cheang (BTB Province)

# How do we work with FUNDING?

We had received fully funding support the whole ministries and mission of the organization from our Head Quarter in Singapore, Phillip Bank PLC in Cambodia, and some fund from South Australia. All the funds are used to subsidies the Happy Children Garden (Children Ministry-HCG), Women of Hope (Women Ministry-WoH), Thru The Bible (TTB), The Word Today, It's Yours!, program productions, airing time of our programs, and fellow up the group of our program listener in the province. Because we are not the making profit organization.

# Strategic Plan for FY 2022

Trans World Cambodia is Christian and non-profit Organization who is serving his ministry in Cambodia in term of spreading the good news of Jesus Christ and his salvation through media which is mainly focusing on the broadcasting on air by renting the hour of Radio Station to broadcast his program.

Recently, the global and social media is moving so fast and change, in the meantime most countries in the world are absorbing and trending to use the modern scientific and new technology tools. New trend of smart phone and technology is going into our new consideration of seeking the multi options for our listener to reach out the Good News of Jesus Christ besides radio broadcasting.

Our ministry will push and setup the core strategic plan to develop our existing production (Radio Productions) and upgrading it into Videos content.

All productions will be available for both Radio and Social Media especially the Facebook Page, and YouTube Channel.

Here are some of developing program for ministry:
